

Curnow School

Newsletter

Headteacher News

As we near the end of the autumn term it would be a good opportunity to provide an update of where we are with our Curnow Pledge areas. We have been focusing in on the most important areas for every child within the school and how we can support their development through their journey at Curnow. We are developing 3 Quality of Life Pledges:

- Communication
- Independence/Interdependence
- Sense of self

These Pledges will run through all areas of the curriculum and will be personalised for every pupil to ensure that we are working and impacting on the areas that will have the biggest impact within their lives.

We are keen to share this information in more detail and will be looking at a date in the New Year to go through this, ensuring families have a clear understanding of the curriculum offer, the learning pathways and pledges that we will be working towards for their child. This will be an opportunity to ask questions and to help shape these areas so that we are working collaboratively to make sure that we are focusing on the areas that have the biggest impact in school and at home.

I would also like to thank you for your continued support and it would be lovely to see as many families as possible at the Christmas Fayre on Saturday. We have food, drinks, music, craft stalls, the Christmas Grotto (with father Christmas) and lots of early Christmas cheer!!

Dates for diaries

Christmas Fayre

Sat 29th Nov

Friday 12th Dec

Service at illogan church

Curnow School, Drump Road, Redruth, Cornwall.

Sowenna Class

In Sowenna class, we have created our own book corner where all the children can go and read a book with a peer or an adult. This has been lovely for the children as we have a real passion for books and stories. Working together, is important and in class we have been team building in all aspects of the curriculum from numeracy to physical development.

Lower School

Sowenna Class

In science, we have been looking at creatures and their different habitats. Through sensory exploration and going into our class garden, we have been discovering where local wildlife live.

Upper School

Mylors Topic for the Autumn Term has been 'Save Our Seas'!

We have been learning about sea creatures, their habitats and the affects of plastic pollution in our seas and oceans. Through a range of activities we have enjoyed talking about what we love about the beach, sculpted and created our own mini beaches, listened to sea creature stories, participated in recycling chores, reused plastic and other recyclable materials in our artwork and learnt how we can help to keep our beaches cleaner to lessen the impact of plastic pollution in our seas & oceans.

Upper School

Poppies & Pudsey Bear

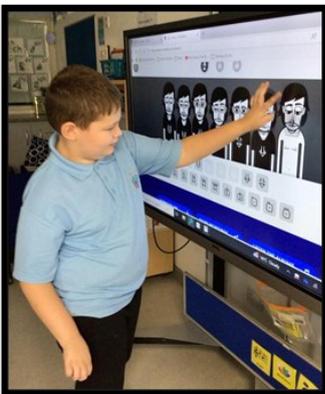

We learnt about the four different coloured poppies that are worn on Remembrance Day and created our own pictures choosing which coloured poppies to print in our string print fields! We also purchased our own Poppy goods in support of the Poppy Appeal.

Upper School

It's been a busy Autumn term so far but we have all settled into Mylor Class and are progressing well with our learning and enjoying it too! In between everything else we manage to work on our individual targets! We are very lucky to have the support of Sarah and Adam from Post 16 on Wednesdays and Thursdays!

African Children's Choir

Our children at Lower School had a visit from The Pearl of Africa, an African children's choir. Some of our friends from Upper School came to watch their amazing performance too.
