Data summary

Total number of Students (leavers) 2020 -2023 = **18**

Total number where students' aspiration were met = **16**

Total number where students' aspirations were not met or this changed after leaving Curnow school = **2**

89% of students aspirations are met over a 3 year period showing that our curriculum meets the needs and prepares students well for their next step.

11% (2 pupils) One is currently not accessing further education but do have social care support to ensure they have community access or are working towards this. The second has changed course and now has a place and provision secured through United Response
